G.E.C. Journal

INDEX TO VOLUME XIV.

1946 and 1947.

Published by
THE GENERAL ELECTRIC CO., LTD.,
ENGLAND.

INDEX TO VOLUME XIV.

1946 and 1947.

NOTE.

Inclusive page numbers for the individual issues are as follows :—

February, 1946	1 to 56	February, 1947	121 to 176
August, 1946	57 to 120	August, 1947	177 to 252

A

PAGE

A Critical Analysis of the Possibilities of High Voltage Direct Current Transmission 239

A New Type of Supervisory Control System 104

Alternators, High Frequency Inductor 190

Analysis of the Possibilities of High Voltage Direct Current Transmission, A Critical 239

Annealing of Copper, Bright 90

Applications of Radio Technique to General Measurements 167

Arc Lamps, High Intensity Mercury Vapour 73

Auxiliaries, Rolling Mill, The Electrical Drive of 215

B

Bright Annealing of Copper 90

C

Captain Cook Graving Dock, Sydney, New South Wales, The 179

Circuit Breakers, Low-oil-content, Outdoor 83

Control System, Supervisory, a New Type of 104

Copper, Bright Annealing of 90

Corrosion, Protection of Lighting Fittings against 111

Critical Analysis of the Possibilities of High Voltage Direct Current Transmission, A 239

D

Deflected Beam Valves for Ultra High Frequencies 97

Development, Electrical Progress and, 1945 3

Development, Electrical Progress and, 1946 123

Direct Current Transmission, A Critical Analysis of the Possibilities of High Voltage 239

Dock, The Captain Cook Graving, Sydney, New South Wales .. 179

E

PAGE

Electrical Drive of Rolling Mill Auxiliaries, The 215

Electrical Progress and Development, 1945 3

Electrical Progress and Development, 1946 123

Electronics, Their Scope in Heavy Engineering 59

F

Fluorescent Lamps, The Luminous Performance of 232

Frontispieces:

Electric Bright Annealing of Mild Steel Strip 58

Field-Marshal Lord Montgomery Inspecting Land Mine Detectors at the Witton Works .. 2

Night View of Fluorescent Street Lighting in Brompton Road, Kensington 122

The Captain Cook Graving Dock, Sydney 178

G

General Measurements, Applications of Radio Technique to 167

Graving Dock, The Captain Cook, Sydney, New South Wales .. 179

H

High Frequency Inductor Alternators 190

High Intensity Mercury Vapour Arc Lamps 73

High Voltage Direct Current Transmission, A Critical Analysis of the Possibilities of 239

L

Lamps, Arc, High Intensity Mercury Vapour 73

Lighting Fittings, The Protection of, against Corrosion 111

Literature, Technical 56

PAGE

Low-Oil-Content Outdoor Circuit Breakers 83

Luminous Performance of Fluorescent Lamps, The 232

M

Mercury Vapour Arc Lamps, High Intensity 73

O

Outdoor Circuit Breakers, Low-Oil-Content 83

P

Performance of Fluorescent Lamps, The Luminous 232

Possibilities of High Voltage Direct Current Transmission, A Critical Analysis of the 239

Progress and Development, Electrical, 1945 3

Progress and Development, Electrical, 1946 123

Protection of Lighting Fittings against Corrosion, The 111

R

Radio Technique, Application of, to General Measurements 167

Rolling Mill Auxiliaries, The Electrical Drive of 215

S

Supervisory Control System, A New Type of 104

T

Technical Literature 56

Television Receiver Design 200

Transmission, A Critical Analysis of the Possibilities of High Voltage Direct Current 239

U

Ultra High Frequencies, Deflected Beam Valves for 97
